

Adenosine A1 receptor Antibody (C-Term)
Peptide-affinity purified goat antibody
Catalog # AF2627a**Specification**

Adenosine A1 receptor Antibody (C-Term) - Product Information

Application	E
Primary Accession	P30542
Other Accession	NP_000665.1 , NP_001041695.1 , 134 , 11539 (mouse), 29290 (rat)
Predicted	Human, Dog
Host	Goat
Clonality	Polyclonal
Concentration	0.5 mg/ml
Isotype	IgG
Calculated MW	36512

Adenosine A1 receptor Antibody (C-Term) - Additional Information**Gene ID** 134**Other Names**

Adenosine receptor A1, ADORA1

Dilution

E~~N/A

Format

0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

Adenosine A1 receptor Antibody (C-Term) is for research use only and not for use in diagnostic or therapeutic procedures.

Adenosine A1 receptor Antibody (C-Term) - Protein Information**Name** ADORA1**Function**

Receptor for adenosine. The activity of this receptor is mediated by G proteins which inhibit adenylyl cyclase.

Cellular Location

Cell membrane; Multi-pass membrane protein

Adenosine A1 receptor Antibody (C-Term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

Adenosine A1 receptor Antibody (C-Term) - Images

Adenosine A1 receptor Antibody (C-Term) - Background

Both reported isoforms represent identical protein (NP_000665.1; NP_001041695.1)

Adenosine A1 receptor Antibody (C-Term) - References

Regulated overexpression of the A1-adenosine receptor in mice results in adverse but reversible changes in cardiac morphology and function.
