

AAAS Antibody (C-Term)
Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP21984b**Specification**

AAAS Antibody (C-Term) - Product Information

Application	WB,E
Primary Accession	Q9NRG9
Reactivity	Human
Host	Rabbit
Clonality	polyclonal
Isotype	Rabbit IgG
Calculated MW	59574

AAAS Antibody (C-Term) - Additional Information**Gene ID** 8086**Other Names**

Aladin, Adracalin, AAAS, ADRACALA

Target/Specificity

This AAAS antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 395-425 amino acids from human AAAS.

Dilution

WB ~ 1:2000

E ~ Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

AAAS Antibody (C-Term) is for research use only and not for use in diagnostic or therapeutic procedures.

AAAS Antibody (C-Term) - Protein Information**Name** AAAS**Synonyms** ADRACALA**Function** Plays a role in the normal development of the peripheral and central nervous system

(PubMed:[11062474](#), PubMed:[11159947](#), PubMed:[16022285](#)). Required for the correct localization of aurora kinase AURKA and the microtubule minus end-binding protein NUMA1 as well as a subset of AURKA targets which ensures proper spindle formation and timely chromosome alignment (PubMed:[26246606](#)).

Cellular Location

Nucleus, nuclear pore complex. Cytoplasm, cytoskeleton, spindle pole. Nucleus envelope. Note=In metaphase cells localizes within the spindle with some accumulation around spindle poles, with the highest concentration between the centrosome and metaphase plate (PubMed:26246606). The localization to the spindle is microtubule- mediated (PubMed:26246606).

Tissue Location

Widely expressed (PubMed:11159947, PubMed:16022285). Particularly abundant in cerebellum, corpus callosum, adrenal gland, pituitary gland, gastrointestinal structures and fetal lung (PubMed:11159947).

AAAS Antibody (C-Term) - Protocols

Provided below are standard protocols that you may find useful for product applications.
