

## **Csk Polyclonal Antibody**

Catalog # AP69314

## **Specification**

# **Csk Polyclonal Antibody - Product Information**

Application WB, IHC-P Primary Accession P41240

Reactivity Human, Mouse, Rat Host Rabbit

Clonality Rabbit Polyclonal

# **Csk Polyclonal Antibody - Additional Information**

#### **Gene ID 1445**

#### **Other Names**

CSK; Tyrosine-protein kinase CSK; C-Src kinase; Protein-tyrosine kinase CYL

#### **Dilution**

WB $\sim\sim$ Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/100 - 1/300. ELISA: 1/20000. Not yet tested in other applications.

IHC-P~~N/A

#### **Format**

Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.09% (W/V) sodium azide.

## **Storage Conditions**

-20°C

## **Csk Polyclonal Antibody - Protein Information**

## **Name CSK**

### **Function**

Non-receptor tyrosine-protein kinase that plays an important role in the regulation of cell growth, differentiation, migration and immune response. Phosphorylates tyrosine residues located in the C-terminal tails of Src-family kinases (SFKs) including LCK, SRC, HCK, FYN, LYN, CSK or YES1. Upon tail phosphorylation, Src-family members engage in intramolecular interactions between the phosphotyrosine tail and the SH2 domain that result in an inactive conformation. To inhibit SFKs, CSK is recruited to the plasma membrane via binding to transmembrane proteins or adapter proteins located near the plasma membrane. Suppresses signaling by various surface receptors, including T-cell receptor (TCR) and B-cell receptor (BCR) by phosphorylating and maintaining inactive several positive effectors such as FYN or LCK.

## **Cellular Location**

Cytoplasm. Cell membrane. Note=Mainly cytoplasmic, also present in lipid rafts

## **Tissue Location**

Expressed in lung and macrophages.

# **Csk Polyclonal Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture
