

HTR5A Antibody (monoclonal) (M01)

Mouse monoclonal antibody raised against a partial recombinant HTR5A. Catalog # AT2457a

Specification

HTR5A Antibody (monoclonal) (M01) - Product Information

Application WB, E **Primary Accession** P47898 Other Accession NM 024012 Reactivity Human Host mouse Clonality **Monoclonal** Isotype IgG1 Kappa Calculated MW 40255

HTR5A Antibody (monoclonal) (M01) - Additional Information

Gene ID 3361

Other Names

5-hydroxytryptamine receptor 5A, 5-HT-5A, 5-HT-5A, Serotonin receptor 5A, HTR5A

Target/Specificity

HTR5A (NP_076917, 223 a.a. \sim 282 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.

Dilution

WB~~1:500~1000

E~~N/A

Format

Clear, colorless solution in phosphate buffered saline, pH 7.2.

Storage

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Precautions

HTR5A Antibody (monoclonal) (M01) is for research use only and not for use in diagnostic or therapeutic procedures.

HTR5A Antibody (monoclonal) (M01) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot

- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

HTR5A Antibody (monoclonal) (M01) - Images

Antibody Reactive Against Recombinant Protein. Western Blot detection against Immunogen (32.34 KDa).

Detection limit for recombinant GST tagged HTR5A is approximately 0.03ng/ml as a capture antibody.

HTR5A Antibody (monoclonal) (M01) - Background

The neurotransmitter serotonin (5-hydroxytryptamine, 5-HT) has been implicated in a wide range of psychiatric conditions and also has vasoconstrictive and vasodilatory effects. The gene described in this record is a member of 5-hydroxytryptamine (serotonin) receptor family and encodes a multi-pass membrane protein that functions as a receptor for 5-hydroxytryptamine and couples to G-proteins. This protein has been shown to function in part through the regulation of intracellular Ca2+ mobilization.
