

MME Antibody (Center)
Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AW5138**Specification**

MME Antibody (Center) - Product Information

Application	IHC, WB,E
Primary Accession	P08473
Other Accession	P08049
Reactivity	Human, Mouse, Rat
Host	Rabbit
Clonality	polyclonal
Calculated MW	H=86;M=86;Rat=86 KDa
Isotype	Rabbit IgG
Antigen Source	HUMAN

MME Antibody (Center) - Additional Information**Gene ID** 4311**Antigen Region**
97-126**Other Names**

Neprilysin, Atriopeptidase, Common acute lymphocytic leukemia antigen, CALLA, Enkephalinase, Neutral endopeptidase 2411, NEP, Neutral endopeptidase, Skin fibroblast elastase, SFE, CD10, MME, EPN

Dilution

IHC~~1:25
WB~~1:1000

Target/Specificity

This MME antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 492-525 amino acids from the Central region of human MME.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

MME Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

MME Antibody (Center) - Protein Information

Name MME {ECO:0000303|PubMed:27588448, ECO:0000312|HGNC:HGNC:7154}

Function

Thermolysin-like specificity, but is almost confined on acting on polypeptides of up to 30 amino acids (PubMed:15283675, PubMed:6208535, PubMed:6349683, PubMed:8168535). Biologically important in the destruction of opioid peptides such as Met- and Leu-enkephalins by cleavage of a Gly-Phe bond (PubMed:17101991, PubMed:6349683). Catalyzes cleavage of bradykinin, substance P and neurotensin peptides (PubMed:6208535). Able to cleave angiotensin-1, angiotensin-2 and angiotensin 1-9 (PubMed:15283675, PubMed:6349683). Involved in the degradation of atrial natriuretic factor (ANF) and brain natriuretic factor (BNP(1-32)) (PubMed:16254193, PubMed:2531377, PubMed:2972276). Displays UV-inducible elastase activity toward skin preelastic and elastic fibers (PubMed:20876573).

Cellular Location

Cell membrane; Single-pass type II membrane protein

MME Antibody (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.

MME Antibody (Center) - Images

Western blot analysis of lysates from LNCaP cell line, mouse kidney and rat kidney tissue lysate (from left to right), using MME Antibody (Center) (Cat. #AW5138). AW5138 was diluted at 1:1000 at each lane. A goat anti-rabbit IgG H&L (HRP) at 1:10000 dilution was used as the secondary antibody.

All lanes : Anti-MME Antibody (Center) at 1:1000 dilution Lane 1: LNCaP whole cell lysate Lane 2: mouse kidney lysate Lane 3: rat kidney lysate Lysates/proteins at 20 µg per lane. Secondary Goat Anti-Rabbit IgG, (H+L), Peroxidase conjugated at 1/10000 dilution. Predicted band size : 86 kDa Blocking/Dilution buffer: 5% NFDM/TBST.

Immunohistochemical analysis of paraffin-embedded H. kidney section using MME Antibody (Center)(Cat#AW5138). AW5138 was diluted at 1:25 dilution. A peroxidase-conjugated goat anti-rabbit IgG at 1:400 dilution was used as the secondary antibody, followed by DAB staining.

Immunohistochemical analysis of paraffin-embedded H. skeletal muscle section using MME Antibody (Center)(Cat#AW5138). AW5138 was diluted at 1:25 dilution. A peroxidase-conjugated goat anti-rabbit IgG at 1:400 dilution was used as the secondary antibody, followed by DAB staining.

MME Antibody (Center) - Background

Thermolysin-like specificity, but is almost confined on acting on polypeptides of up to 30 amino acids. Biologically important in the destruction of opioid peptides such as Met- and Leu-enkephalins by cleavage of a Gly-Phe bond. Able to cleave angiotensin-1, angiotensin-2 and angiotensin 1-9. Involved in the degradation of atrial natriuretic factor (ANF). Displays UV- inducible elastase activity toward skin preelastic and elastic fibers.
